LET’S HONOR OUR PROFESSION BY INVESTING IN OUR FUTURE

PLEASE JOIN US TO MEET THE PEO EDUCATIONAL FOUNDATION FUNDRAISING CHALLENGE AND SUPPORT OUR OREGON ENGINEERING STUDENTS

Our past PEO President Dave Bassett has offered the following fund-raising challenge to grow our Foundation Fund for Engineering Scholarships: he will donate $25,000 if it is matched with other contributions totaling $25,000 this year. Yes, you can be a part of a significant increase in our 501c3 PEO Educational Foundation Fund! Just use the form below to submit your contributions and pledges to Secretary/Treasurer Ralph Dunham or send to the PEO office in care of Belinda Rasmussen. You can cut your tax bill and help Oregon’s engineering students at the same time.

You should know that others have already responded to the Challenge, and the fund is growing!

Our current Fund balance is around $101,800.00. Meeting the challenge could increase the endowment by as much as 50 percent and enable us to increase our support of students next year. The board has set a goal of doubling the endowment by 2019, so we need to get started.

Each year we receive heartfelt expressions of gratitude from the students who receive our scholarships. The financial support is truly appreciated and enables students to complete their degrees with a little less financial hardship. And they know that the engineers of Oregon are supporting them in their pursuit of licensure. The future belongs to our students... let’s help them excel and thrive as Professional Engineers!

THANK YOU FOR YOUR SUPPORT!

Professional Engineers of Oregon Education Foundation Contribution Form

Date: ________________

Contributor’s Name: __________________________ Contribution Amount: $_______

Contributor’s Address: __________________________

City, State & Zip Code: __________________________ Telephone: ____________________

Date Contribution is to be Received: ________________
